## CPC30211 Certificate III in Carpentry

### Why Choose NEVC for your Apprenticeship Training Needs?

- **Customised to your business needs**

Apprentice training and assessment can be flexible and tailored to individual or business needs, built to the way the employer wants. Options include:

- At the college
- In the workplace
- A combination of both

- **Purpose built off-job facilities**

Our training facilities include two fully operational workshops, fully kitted out to suit what the building industry requires, with enough tools for up to 20 apprentices at any one time.

This allows for all aspects of carpentry apprentice training to be delivered at our site in a simulated workplace environment.

- **No ongoing training fees**

Tuition Fees will be covered in full by the Construction Industry Training Board (CITB) Tuition Funding\* (this will be reviewed on an annual basis). \*subject to eligibility

In addition, there are no fees charged for text books – saving approx. \$175.

- **Trainers are highly experienced**

Our trainers are all qualified workplace trainers/assessors as well as being qualified tradespersons. They include several licenced builders and a finalist in the 2010 Minister's Awards for Excellence, for commitment to Australian Apprenticeships. Our five carpentry trainers have a combined 160 years in the Building Industry.

- **Comprehensive RPL Process**

Our trainers are committed to recognising an individual's industry knowledge and experience.

Depending on an individual's ability, and their exposure to industry, there is the ability to fast-track many aspects of the training.

- **Rolling Intakes**

Apprentice training can start at any time throughout the year – no need to wait for a new semester to begin.

- **Free White Card training**

The Construction Industry Safety Induction Course (White Card) is provided free of charge to all eligible apprentices.

This course is subsidised by the Government of South Australia for eligible participants, visit [www.skills.sa.gov.au](http://www.skills.sa.gov.au) for Participant Eligibility Criteria.

**...we care about outcomes for Apprentices, Employers and the Building Industry**

Supported by  
**Government of South Australia**

# Apprenticeship Training Plan (Sample)
